

SONY

STR-DN1080

7.2 ch. Dolby Atmos® Wi-Fi® Network AV Receiver

Experience true home theater without limitations with this 7.2 channel receiver with Dolby Atmos® 3D and DTS:X object-based surround sound, plus 4K HDR and HDCP 2.2 compatibility.¹ Enjoy the flexibility of 6-in/2-out HDMI² and multi-room listening, plus voice control powered by Google Home.⁴ All in a smaller chassis that fits more places.

Bullets

- Supports Dolby Atmos® 3D and DTS:X® object-based surround sound up to 7.1ch
- 7.2 Ch. A/V Receiver (165 W x 7 @ 6 ohms, 1 kHz, THD 0.9%), plus powered 2nd zone and available 3rd zone connectivity and control
- 4K HDR compatibility with HDCP 2.2 support¹
- 6-in/2-out HDMI² flexibility
- Expand your listening and control with multi-room and Google Home compatibility⁴
- Digital Cinema Auto Calibration EX with speaker relocation technology
- Expand 5-channel surround sound with phantom rear surround speaker channels
- Experience amazing sound with Hi-Res Audio up to DSD 5.6
- Enhanced setup and usability via rich GUI and streamlined remote
- Dual-band Wi-Fi® for Airplay®, DLNA®, Chromecast built-in and Spotify Connect³

Features

Experience Dolby Atmos® and DTS:X® object-based surround sound

With Dolby Atmos® and DTS:X object-based surround sound, you'll feel like you're inside the action as the sounds of people, music and objects move all around you in three-dimensional space.

Powerhouse sound performance

With 7.2 channels of room-filling sound and 165W (165 W x 7 @ 6 ohms, 1 kHz, THD 0.9%) per channel, this powerhouse envelops you in a new level of sound performance. You can also expand your audio/video experience beyond the living room with powered 2nd zone, plus an available 3rd zone connectivity and control.

4K HDR compatibility with HDCP 2.2¹

Supporting 4K 60p 4:4:4, this receiver is a great partner for latest TVs that can display the latest content mastered in HDR (High Dynamic Range) for truly spectacular contrast and tonal range. It's also compatible with HDCP 2.2 copy protection, so you're ready for the latest 4K formats.¹

6-in/2-out HDMI

With six HDMI inputs and two HDMI outputs—including one dedicated second zone HDMI output—there's space for your current equipment and scope to expand.²

Google Home compatibility and wireless multi-room listening

Connect with your Google Home control network⁴ and enjoy voice activation as a part of a whole-home solution. Control what music you want—and where—by the sound of your voice. Even turn up the volume, skip to the next track, or stop the music, all without lifting a finger. With powerful multi-room capability, you can easily expand and control your music across multiple, compatible speakers in separate rooms. You can also cast music, podcasts and radio from 100+ apps with Chromecast built-in.

Digital Cinema Auto Calibration EX with speaker relocation technology

Enjoy a home theater system that adjusts to your space, instead of the other way around. D.C.A.C. EX with stereo mic is Sony's unique auto calibration technology that adjusts speaker output to closely simulate the sound of optimally positioned and angled speakers. The results are nothing short of breathtaking, with the entire sound field seamlessly integrated for outstanding surround sound.

Phantom surround speaker channels

SONY

Can't fit seven-channel surround sound? No problem. Phantom rear surround channels will transform your five-channel system into a seven-channel system.

Experience amazing sound with Hi-Res Audio and native DSD up to 5.6

Experience digital music at its best with High-Resolution Audio. Enjoy studio-quality sound in higher-than-CD quality that feels like the artist is performing right in front of you. The receiver supports a wide variety of High-Resolution audio formats including high bit rate 192k/24-bit WAV/FLAC audio playback, and even native DSD up to 5.6MHz. Additional file formats supported include: MP3, AAC, WMA, WAV192k, FLAC 192k, ALAC, AIFF.

Enhanced setup and usability via rich GUI and streamlined remote

Easily set-up and control the A/V receiver via an intuitive on-screen graphical user interface. Change inputs, adjust settings and confirm volume levels on-screen.

Dual-band Wi-Fi® for Airplay®, DLNA® and Chromecast built-in and Spotify Connect³

Wirelessly connect with dual-band Wi-Fi and stream music stored on your home network or favorite devices, including Airplay compatibility with iPhone®/iPod® Touch, iPad® or iTunes®.³ You can also play Spotify using the Spotify app as a remote.³ Even jump right back into the last track you were listening to on your Spotify account by pushing the Music Service button.

Stream audio via Bluetooth and control your experience with your phone or tablet^{3,5}

Download the free SongPal™ and Network Audio Remote apps from iTunes® or the Google™ Play Store and use your iPhone® or Android™ devices with the SongPal™ app to control receiver functionality including volume and input selection.^{3,5}

1. Requires 4K TV, 4K video player and High speed HDMI cables with Ethernet. (Premium High Speed HDMI cables with Ethernet is required for 4K 60p 4:4:4 8 bit and 4K 60p 4:2:0 10 bit, etc.).
2. Requires HDMI® cable sold separately. (HDMI-24P)
3. SongPal app must be downloaded from the iTunes App store or Google Play store. Requires devices connected to the same wireless home network. Network services, content and software of this product may be subject to individual terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information.
4. Google product model XXX (sold separately) compatible with [select] Sony sound bars {OR INSERT MODELS X, Y, and Z}. Requires compatible devices connected to the same wireless home network. Download the Google home app from the iPhone App Store or Google Play. Subject to third party app terms and conditions. User must link compatible devices in order to control operation. Once download is complete, the Google Home feature may be connected to the Sony device to access the voice control function.
5. Interoperability and compatibility among Bluetooth® devices vary.
